Coders & Bots

Coders

Navigator. You are responsible for the overall plan for the program. Guide the Writer and keep track of what your program is doing.

Writer. Add code to your program. Pay attention to syntax.

Bots

Stepper. Step through the program and read each step aloud. Keep your finger on the step you are reading.

Actor. Listen carefully to each line of code the Stepper says aloud. Using the materials available, show what each line of code does.
