Lesson 1 | Warmup

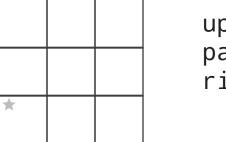

This is a Pixel Bots JavaScript exercise. In Pixel Bots we will program bots to paint pictures using Code Elements.

Code Elements

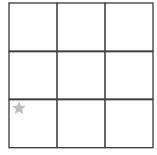

```
up() down()
left() right()
paint()
```

Problem 1

Pixel Bot Read Code: You are a pixel bot. Read the code and paint the picture.

up()
paint()
right()

up()
right()
paint()

{}

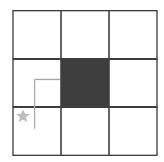

Lesson 1 | Worksheet 1

This is a Pixel Bots Javascript exercise. In Pixel Bots we program bots to paint pictures using Code Elements.

Code Elements

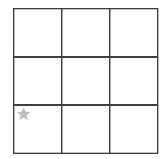

```
up() down()
left() right()
paint()
```

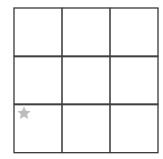

Example

Problems

You are a pixel bot. Read the code and paint the picture.

{}

Lesson 1 | Worksheet 1 (cont'd)

	*

1	down()
2	nain+(

2 paint()
3 left()

4 paint()

*	

2 left()

3 paint()

4 down()

5 paint()

```
*
```

2 up()

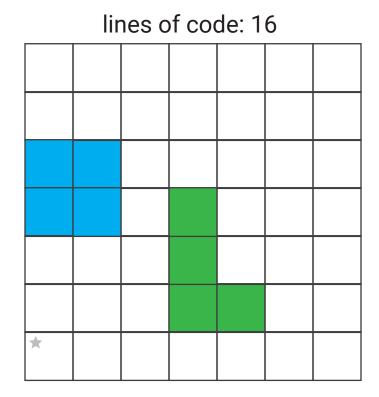

3 paint()

4 up()

5 paint()

Lesson 10 | Wrap up

This is a Pixel Bots JavaScript exercise. In Pixel Bots we program bots to paint pictures using Code Elements.

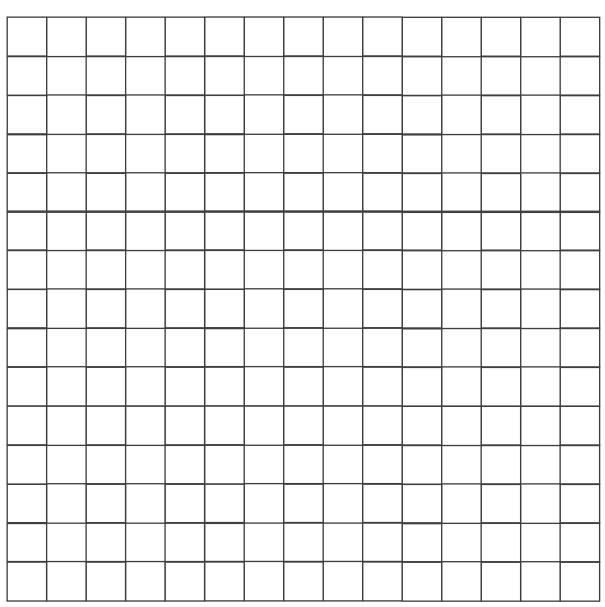

Emoji Design Thinking Handout

Empathize	
I am creating an emo	oji for
List interests and likes of this person.	Emotions and feelings to convey in emoji.
	_
Ideate	
List your pixel emoji ideas.	Sketch your ideas.
	_
	_
	_
	_
	_
	-

Prototype #1

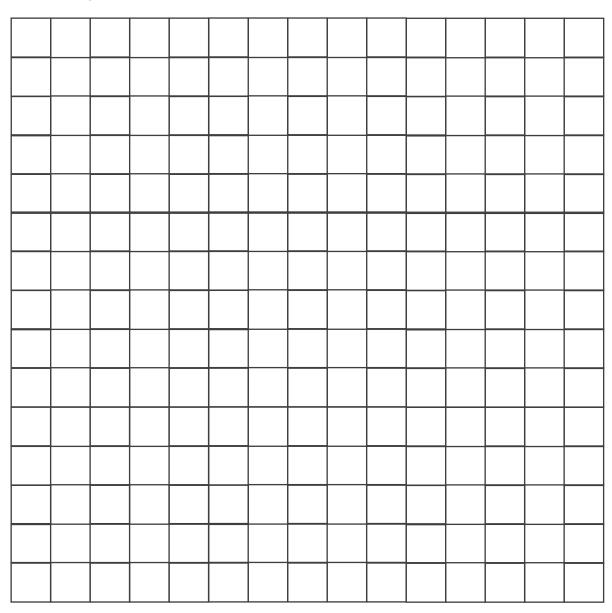

Decompose your emoji

What are the key features of your pixel emoji? (Example: face, face outline, mouth, eyes) Circle features and write what the feature is and the color.

Prototype #2

Decompose your emoji

What are the key features of your pixel emoji? (Example: face, face outline, mouth, eyes) Circle features and write what the feature is and the color.

Feature List

To Do List	Today's date
O	
	
	
	
	

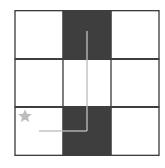

Lesson 2 | Warmup

This is a Pixel Bots JavaScript exercise. In Pixel Bots we program bots to paint pictures using Code Elements.

Code Elements

```
up() down()
left() right()
paint()
```

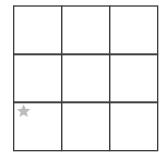

Example

```
1 right()
2 paint()
3 up()
4 up()
5 paint()
```

Problems

You are a pixel bot. Read the code and paint the picture.

```
1 up()
2 right()
3 paint()
4 up()
5 right()
6 paint()
7 down()
8 down()
9 paint()
```

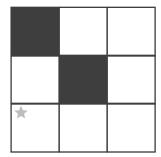

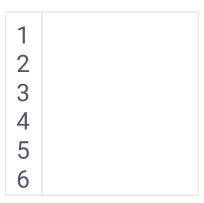

This is a Pixel Bots JavaScript exercise. In Pixel Bots we program bots to paint pictures using Code Elements.

Code Elements

```
up() down()
left() right()
paint()
```

Problem

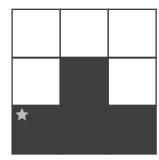

Lesson 3 | Warmup

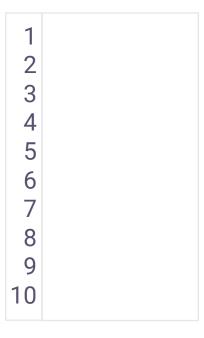

This is a Pixel Bots JavaScript exercise. In Pixel Bots we program bots to paint pictures using Code Elements.

Code Elements

```
up() down()
left() right()
paint()
```

Problem

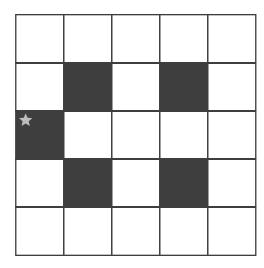

This is a Pixel Bots exercise. In Pixel Bots we program bots to paint pictures using Code Elements.

Code Elements

```
up() down()
left() right()
paint()
```

Lesson 5 | Warm-up

This is a Pixel Bots JavaScript exercise. In Pixel Bots we program bots to paint pictures using Code Elements.

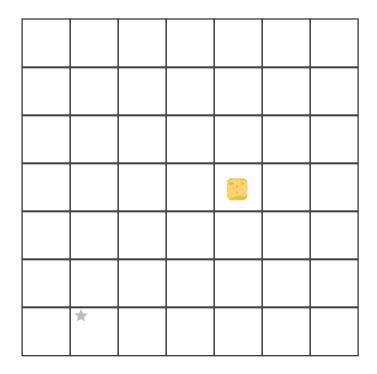

Lesson 5 | Exit Ticket

This is a Mouse Bot JavaScript exercise. In Mouse Bot we program the bot to eat the cheese.

Code Elements

faceUp() move()
faceRight() getCheese()

Problems

1	
2	
2 3 4 5 6 7 8	
4	
5	
6	
7	
8	

Lesson 6 | Warm Up

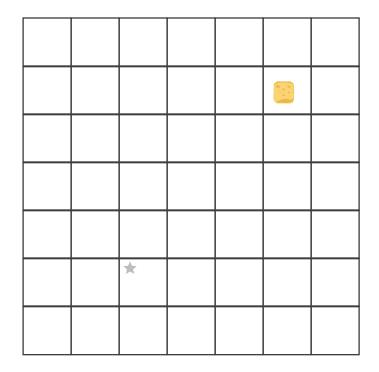

This is a Mouse Bot JavaScript exercise. In Mouse Bot we program the bot to eat the cheese.

Code Elements

faceUp() move()
faceRight() getCheese()

Problems

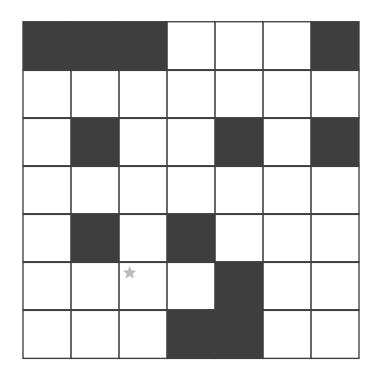

You are a coder. Write code to command the pixel bot to paint the picture.

Lesson 7 | Warm-up

This is a Pixel Bots JavaScript exercise. In Pixel Bots we program bots to paint pictures using Code Elements.

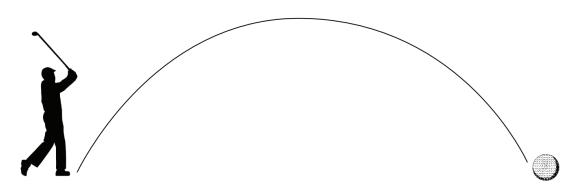

Code Elements	
up() left()	<pre>down() right()</pre>
paint() Problems	
Problems	

1) This is a drill. A drill creates holes by spinning a drill bit. How would you create a bigger hole with a drill bit? Bit creative.

2) This is a golfer. A golfer hits a golf ball with a golf club. How would the golfer hit the ball further? Be creative.

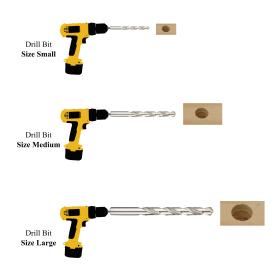

{}

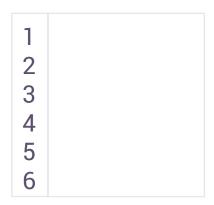

Lesson 7 | Worksheet 1 (cont'd)

Now try programming the drill to create 3 different size holes using one coding element.

Code Elements

drill(size)

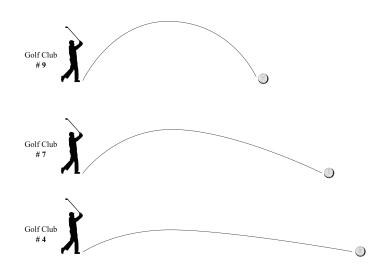

Program the golfer to hit the ball 3 different distances.

Code Elements

swing(club)

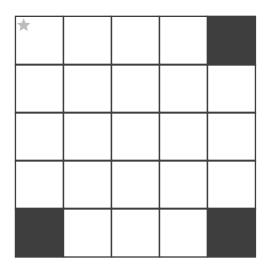

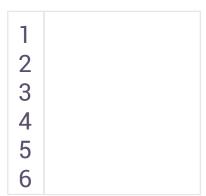

1	
2	
2 3 4 5 6	
4	
5	
6	

Lesson 7 | Worksheet 1 (cont'd)

5) Now it's time to return to Pixel Bot. Can you come up with a way to paint the picture in 6 lines? Think about problems 3 and 4.

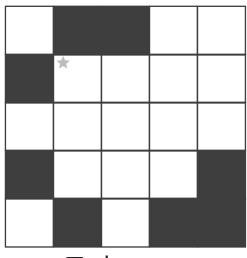

6) What are the similarities between drilling, golf, and moving the pixel bot multiple steps?

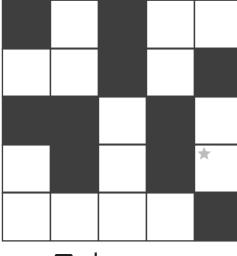

This is an online Pixel Bots exercise. In Pixel Bots we program bots to paint pictures using Code Elements.

Lesson 8 | Warm-up

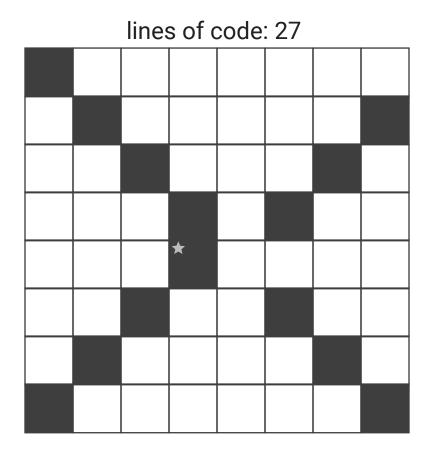

This is a Pixel Bots JavaScript exercise. In Pixel Bots we program bots to paint pictures using Code Elements.

Code Elements	
<pre>up(steps) left(steps) paint()</pre>	<pre>down(steps) right(steps)</pre>
Problems	

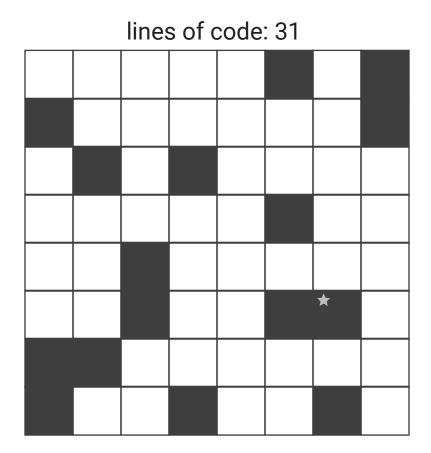

This is a Pixel Bots JavaScript exercise. In Pixel Bots we program bots to paint pictures using Code Elements.

This is a Pixel Bots JavaScript exercise. In Pixel Bots we program bots to paint pictures using Code Elements.

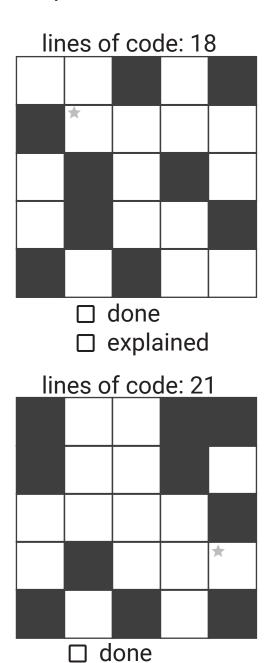

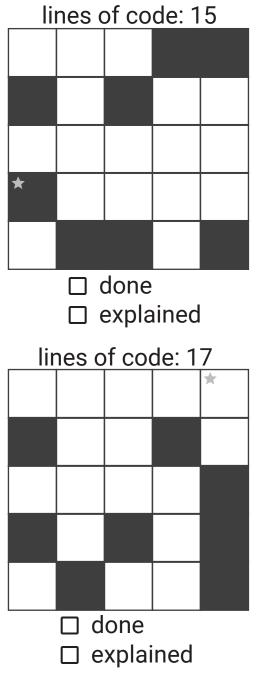

This is an online Pixel Bots exercise. In Pixel Bots we program bots to paint pictures using Code Elements.

Problems

You are a coder. Write code to command the pixel bot to paint the pictures.

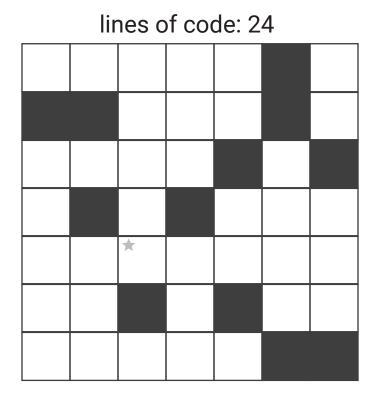

□ explained

Lesson 9 | Warm-up

This is a Pixel Bots JavaScript exercise. In Pixel Bots we program bots to paint pictures using Code Elements.

Coders & Bots

Coders

Navigator: You are responsible for the overall plan for the program. Guide the Writer and keep track of what your program is doing.

Writer: Add code to your program. Pay attention to syntax.

Bots

Stepper. Step through the program and read each step aloud. Keep your finger on the step you are reading.

Actor: Listen carefully to each line of code the Stepper says aloud. Using the materials available, show what each line of code does.
